ABOUT NAWC

Since 1895, NAWC has represented the companies that nearly 40 million Americans trust to engineer solutions that deliver safe, reliable and affordable water. Recent events only serve to reinforce the role safe and reliable water plays in our daily lives while emphasizing the importance of maintaining the affordability of this vital resource. NAWC members have an exceptional record of compliance with federal and state health and environmental regulations. Ensuring this high standard of quality requires extraordinary commitment to the communities our members serve. The 15 largest U.S. water companies collectively invest \$6 billion annually to ensure their water infrastructure is well maintaining and that safe and clean drinking water is available when needed.

PARTNERING WITH NAWC

Premier partners of NAWC have enhanced opportunities to support the industry. This preferred marketing opportunity means your company has access to the decision makers in the water and wastewater industry. Through NAWC publications, events and its website, Premier Partners receive the resources they need to be in contact with the top players in the industry as well as develop stronger relationships with water and wastewater professionals.

A Premier Partnership allows your organization to be at the table to learn about key and emerging Premier Partnerships are open to companies who share NAWC's commitment to the professional water sector.
